

NEW ADDITION to the New Lenox State bank, the old bank building with a new look. The addition is at the left and at the right is the building was given a new front.

Area Towns Deck Streets, Homes For Christmas

Home decorating contests are planned for the three villages in the area, Mokena, Frankfort and New Lenox.

The Lions club is sponsoring the program at Frankfort; at Mokena the Chamber of Commerce is in charge and the Association of Commerce at New Lenox is backing the yule lighting competition and the decoration of the streets. The village board is contributing \$125 toward the costs of the community celebration there. The Lions

club also is assisting.

Mokena is to have its community tree in the Rock Island parking lot near the intersection of Mokena and Front streets. The Chamber of Commerce will arrange for the lighting of the tree and the Boy Scouts will take care of the other decorations. Colored lights will be festooned over Front street to add to the holiday air.

There also will be a home lighting contest but no one has to signify his intention of entering. The judges will make a circuit of the community between Christmas and New Years and select the winners from among the homes found decorated. First prize is \$15, second is \$10 and third prize \$5.

Frankfort entry blanks are provided for householders who desire to enter the yule lighting contest. Co-chairmen Wendell Morrison and Donald Schroeder announced that a panel of judges would view the homes next Wednesday night (Dec. 20) beginning at 7 o'clock. Entry blanks for the contest may be obtained at any of the following places: Frankfort pharmacy, Frankfort State bank, Hedges Clinic, Lambrecht Insurance Agency and B. & M. Lumber Co. First prize is \$25, second prize, \$15 and third prize \$10.

A community tree has been erected in front of the village hall on Kansas street. The tree was presented by Bobzin-Swinford post, American Legion, to the Chamber of Commerce,

Santa Claus To Distribute Candy Canes

Santa Claus will make a personal appearance in Mokena Saturday (Dec. 16) and will tour the streets of the village in a convertible.

Being accustomed to an open sleigh, Santa prefers a convertible to closed type cars and he finds them quite practical for such a visit as he plans for Mokena.

Santa will hand out candy canes to his young Mokena friends and it is a lot easier to do that from a convertible than a sedan.

Invites Public To Annual PTA Yule Program

"Christmas in Many Lands" will be the theme of the annual yuletide program at the Mokena PTA meeting on Dec. 19 at 7:30 p.m. at the Carpenter Street school.

The band and chorus will present a program of customs and carols of England, France, Sweden, Italy, Germany, Mexico, Spain and the United States. The band and chorus will be under the direction of Perry Friedman and Mrs. Clark. Everyone will be welcome. There will be no business meeting,

which was to decorate it.

The New Lenox Lumber Co. furnished the community tree for New Lenox and the Association of Commerce will take care of the decoration. Santa Claus also is to make an appearance.

Really Seasonal, This Crop--Christmas Trees

Anyone who wants a Christmas tree, fresh out of the ground so to speak, can gratify such a yen quite easily.

Out on Parker road in Homer township, two miles north of U.S. 6 and two miles south of 159th st., which is Illinois 7, Mr. and Mrs. Everett Doede have a Christmas tree farm.

Today they have 20 of their 60 acre property planted with pines and as rapidly as they can they plan to expand the acreage. Right now they are harvesting their first crop -- trees that were planted five years ago and from now on, of course, they will have trees ready every

year.

The Doedes trees are Scotch and American red and white pines--the American varieties having longer needles than the Scotch. That the trees one encounters at Doede's are cone shaped and well filled out is not just happenstance or the kind of water or soil. It is due to a lot of hard work on the part of Mr. and Mrs. Doede. If you want to grow trees that are cone shaped and bushy you prune and shape them, using a hedge trimmers for the job.

The trees the Doeds have ready now average from four to five feet in height and have the

advantage of being strictly fresh.

The Doedes never farmed before. Mr. Doede was a salesman veterinarian supplies. The 60 acres they bought in Homer township was more or less brush land. Converting it to productive agricultural use would have been quite expensive and anyway Mr. Doede was working and his only available time was week-ends.

With the help of Andrew Wicklein, Will county farm adviser, and T. W. Curtin, of Urbana, associate extension forester, a plan was prepared for a 10-year crop rotation

Thru hard work in meeting certain standards, including protection from fire, insects and disease, and other requirements the Doede farm carries the coveted green and white tree farm sign and certificate. There are only some 25,000 certified tree farms in the country Doede said.

Since they are raising Christmas trees only they can plant up to 2,000 seedlings an acre. To perform this task the Doedes use a mechanical tree planter. With the machine they can put in 8,000 trees in a day instead of a thousand that would be the total if the work was done by hand.

They also have a tractor and a grass cutter to aid them in keeping the plantation properly mowed.

Future plans call for converting 35 more acres of brush land into a manmade forest.

Mr. Doede is a director of the Illinois Christmas Tree Growers Association which has almost 150 members. Thirty-nine of these members report they have 138,000 premium trees for sale this Christmas. The Chicago market uses more than 600,000 Christmas trees a year while the Illinois market consumes nearly six million trees.

New Lenox Bank Expands To Meet Growing Needs Of Area

With the formal opening of its new addition tomorrow the New Lenox State bank will have doubled the size of its physical plant while its assets have grown almost 14 times their size since the bank was established in 1927.

The increase in business as well as the population of the village made rather tight quarters for public and staff in the original bank. The new addition provides room for six teller stations and two vaults for safety deposit boxes.

There are two new drive-in windows and also a walk-up window in the lobby that can be used after regular banking hours. The night depository has a new door, this one equipped with a letter slot so customers can drop in envelopes with deposits.

The tellers cages in the older section will be removed and that portion of the building remodeled to provide offices for officials that are now lacking. The bookkeeping department will be moved to new quarters at the rear of the building.

Last year when it was decided to put up the new addition work was started on changes in the old building. A room was prepared on the second floor to serve the directors for their meetings and an old kitchen modernized to provide facilities for employees on their coffee breaks. New toilet facilities were also installed on the second floor.

The New Lenox State bank was established Feb. 28, 1927. That was long before the community was incorporated as a village. According to C. W. Batson, president, a Mokena man, the late George J. Hacker, was instrumental in getting the New Lenox bank organized. Hacker not only helped to get the bank set up at New Lenox but was largely responsible to getting banks started in Mokena and Orland Park, Mr. Batson said.

When the New Lenox bank opened its total assets were listed at \$27,000; they are now \$365,000. Current deposits are approximately \$3,300,000, Mr. Batson said.

Mr. Batson, Archibald Corp and John Handorf, Jr., are the only three of the original directors and organizers of the bank still serving on the board. The others who made up the original board were Harry W. Storm, Mr. Hacker, Ernest

Oram, Hjalmar Rehn and Henry J. Schlutz.

The "new" directors serving are Sheldon W. Hauck, New Lenox businessman, Ernest Oram, J., farm manager and business man, and Frank E. Vranicar, insurance and real estate man in Joliet who formerly was in the Joliet real estate and insurance business

conducted by the late Hjalmar Rehn and Henry Schlutz.

Hauck is executive vice president of the bank, Corp is second vice president and Vranicar is secretary. Handorf is board chairman Dwight W. Egle cashier and Robert J. McCleary assistant cashier, are the other officers.

Oppose Any Move To Hike Water Rates

A petition has been filed with the Illinois commerce commission for an immediate hearing before the ICC in behalf of the residents of Arbury Hills, it was revealed at a meeting of the Arbury Hills Civic Association at Summit Hill school last week. The residents want a hearing on prospective water rates in the event the Citizens Utilities group buys the Arbury Utilities Co. which now serves the subdivision.

The association retained the services of Attorney Robert Hultquist from Chicago, who filed the petition. His fee will be paid by a door-to-door subscription from all residents of Arbury Hills. The amount requested will be \$1 per family. Residents say they will fight any attempt to raise water rates.

Other business at the meeting included the presentation of a pair of bulletin boards to the Summit Hill school by the school committee of the association and the naming of a Christmas committee to make plans for a holiday celebration in the area.

Adopts Yule Schedule At N. Lenox P.O.

The New Lenox post office will be open until 5 o'clock this Saturday afternoon (Dec. 16) to accommodate persons with Christmas packages and cards to mail. The regular closing time for the window on Saturday is 1 o'clock.

Christmas Concert To Be Given At LW On Sunday

The music department of Lincoln-Way high school will present its annual Christmas Vespers program this Sunday, Dec. 17, at 3 o'clock in the school auditorium. There will be no admission charge.

The Christmas Vespers program is one eagerly awaited by the public as well as the student body. The band participates as do the various choral groups.

The band, under the direction of Robert C. Taylor, will open the program with "Quiet Christmas," a selection in three parts, by Clare Grundman. Three numbers and two

ensembles will also share interest in the instrumental portion.

Tom Olson, who has charge of vocal music, announced that "The Adoration of the Magi," from "Ben Hur," will be included in the choral portion, along with four carols and several excerpts from Handel's "Messiah."

Concluding the concert will be the joint appearance of the band and the choir in Handel's "Hallelujah Chorus."

There are no tickets and seats will be on a first-come-first-served basis.

MRS. RUSSEL LAUFFER of Marley is removing one of her failure proof dark fruit cakes from the oven, after preparing it early enough to age for full flavor by Christmas-time. Mrs. Lauffer's contribution to "Holiday Fare" is a recipe used thru the years by her family which she is sharing with this newspaper's readers.

Marley Woman Shares Dark Fruit Cake Recipe

The Christmas season means fruit cake season. Now is the time to make fruit cakes for Christmas and New Year's, allowing them time to age and be ready for the occasion.

Mrs. Russel Lauffer of Marley brings this newspaper's readers the second recipe in the pre-Christmas series of "Holiday Fare", her favorite

recipe of a failure-proof dark fruit cake.

Mrs. Lauffer is an active member of the Marley Baptist church and in the Marley community. She is president of the Marley Missionary society.

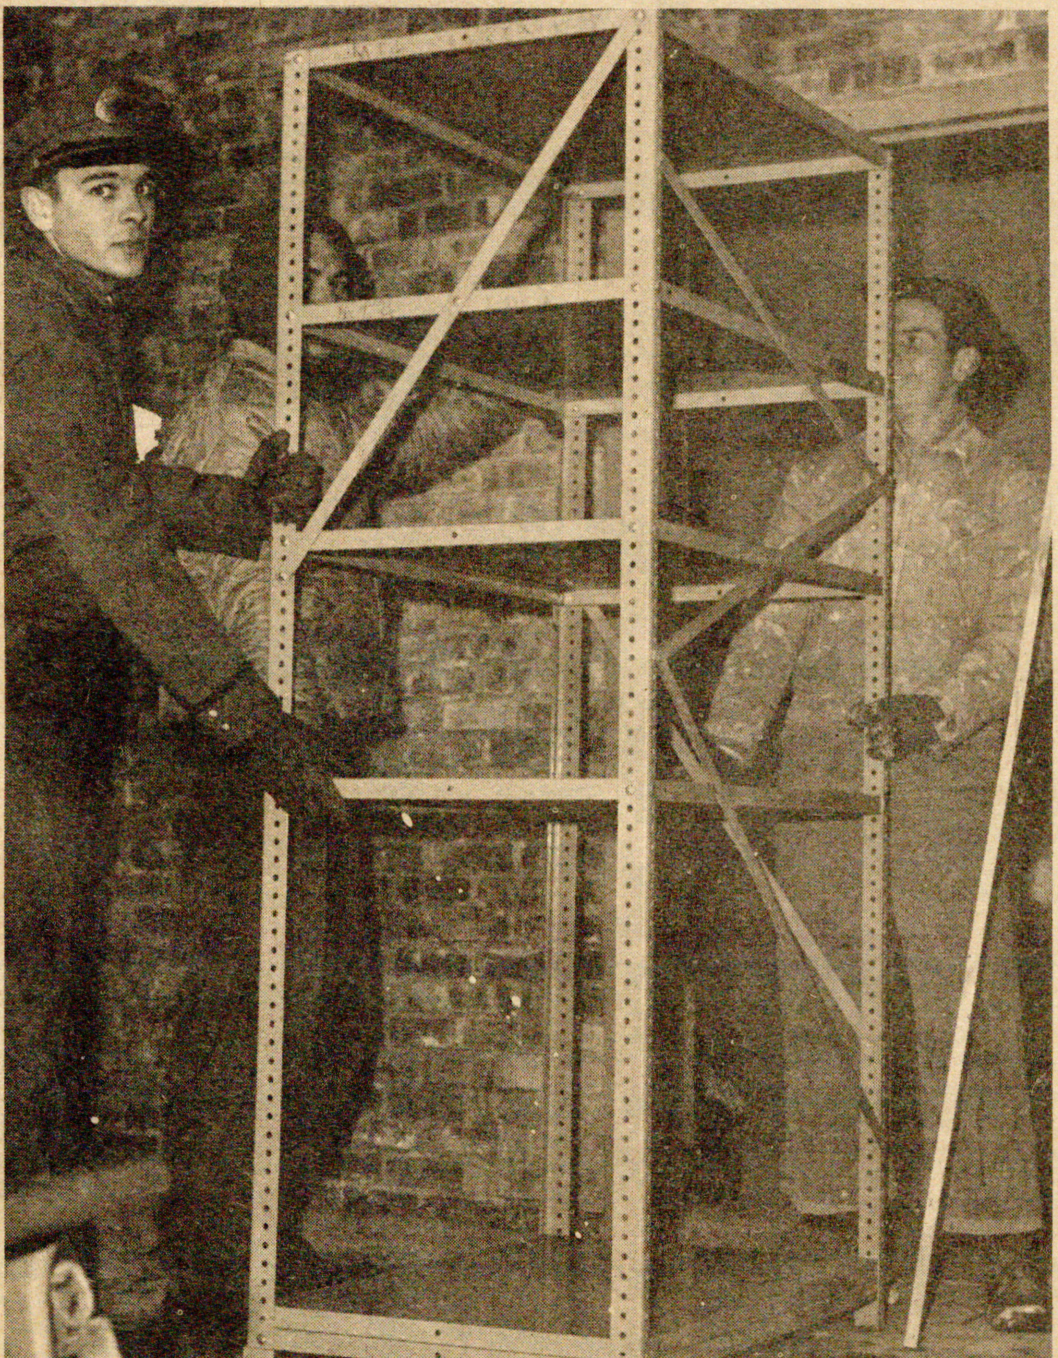

Born and reared in that area, she was the former Frances Gillette. The recipe Mrs. Lauffer adds to the series is an old one, used by her family thru the years at holiday season.

FAILURE PROOF DARK FRUIT CAKE

- 1 cup whole almonds (blanched)
- 1 lb. raisins
- 1 lb. currants
- 1 lb. dates (seeded and chopped)
- 1 cup sliced candied orange peel
- 1/4 cup chopped citron
- 1/4 cup chopped candied lemon peel
- 1 8 ounce bottle of maraschino cherries
- 6 cups sifted flour
- 2 tsp. soda
- 2 tps. cinnamon
- 1 tsp. cloves
- 2 tps. nutmeg
- 1/2 tsp. allspice
- 3 eggs
- 1 cup brown sugar
- 1 cup dark molasses
- 1 cup melted shortening

forecast for ENERGY

America's growing industries will demand twice as much energy by 1980

Industrial research has spawned a list of new products that's almost endless, with more on the way. For instance, output of synthetic materials—including fibers, plastics, rubber—has tripled in the past ten years. New uses for steel and aluminum... new space age metals... all require heat for manufacturing and processing. And heat is energy.

Where will it come from? Much will come from present energy sources, some from new ones. Whatever the source, a large share of energy in its most efficient and usable forms will be transported via pipelines. Texas Eastern's natural gas pipelines, which stretch from the Mexican border to the Atlantic Seaboard, have capacity to fuel thousands of factories and heat millions of homes. Our Little Big Inch pipeline system, largest of its kind, delivers liquid petroleum products from Gulf Coast refineries to Midwest markets. Looking to the future, Texas Eastern is growing and diversifying today to meet tomorrow's energy needs.

Anne Wojak And Dennis Wheeler United In Double-Ring Ceremony In Indiana

In a mid-morning, double-ring ceremony, Miss Anne Pruet Vojak, of Michigan City, Ind., became the bride of Dennis R. Wheeler, 80th Ave., Frankfort, before an altar decorated with white chrysanthemums, pompons and green in Notre Dame church at Michigan City.

Maid of honor was Miss Rosemary Gemperle of Red Bank, N. J. She wore an antique gold peau de soie sheath with an overskirt and matching pill box hat. Orland Girl Narrates Christmas Pageant

Mary Nelson, 8755 W. 131st St., Orland Park, senior at Mother of Sorrows high school, will narrate the Christmas pageant, being staged Dec. 17 on campus at 138th and S. Western Ave., Blue Island.

She will speak for Sister Mary Agnes O.S.M., drama director, and Sister Mary Christine O.S.M., director of vocal music, who have collaborated to adapt "Come All Ye Faithful," its music and theme, for a parade of nations to the Nativity scene. The Mantellate Sisters have also arranged "The 12 Days of Christmas" for its premier ballet and chor-

al presentation Sunday night. As the school's 60 voice chorus sings that verse of the old English carol, recalling "11 Lords A-Leaping", Miss Nelson will also be among the 11 dancers in the 11th day sequence. The costumes worn by the 78 student ballerinas differ for each day's verse. For this scene they wear jerkins of various colors and black tights.

Miss Nelson's final assignment is interpreting "The Little Match Girl", narrating a dance drama featuring Felicia Fik, of Homewood, and Margie Synek of Blue Island.

All members of the third district juniors are asked to participate in this home sewing style show and hobby show. Further details will be given at this meeting.

Meade Baltz To Seek 2nd Term In Illinois Assembly

Letters and petitions are being mailed today to all Republican precinct committeemen in Will County by Meade Baltz, state representative from that district, indicating he will seek re-election to this office.

Baltz is just completing his freshman term in the legislature and has served with distinction on the committees on municipalities, labor and industry and liquor control. He also represents Will county on the Northeastern Illinois local governmental services commission, a legislative group studying common problems created by rapid growth in the metropolitan area.

His first two bills on township government were passed and signed into law by the governor in record time. Baltz is particularly interested in straightening out and improving laws pertaining to township, city and county government so that they may function more efficiently and economically.

The organization of Illinois Township Officials, at their re-

cent annual convention in Peoria, awarded Baltz a bronze plaque citing his outstanding accomplishments for local government in the 72nd general assembly.

In a recent statement, Baltz said, "much can be done at the state level to reduce the cost of government but the legislature itself cannot accomplish the total job. Active participation by Illinois citizens and taxpayers in making their views known is not only desirable but is necessary."

Long interested in community affairs, he has served as campaign chairman and president of both the Red Cross and the Will County Community Chest organizations.

Baltz was elected chairman of the Will county board of supervisors in 1953 and served continuously in that capacity until he resigned in December of 1960 to accept his post in the legislature.

He serves as executive secretary to the Will County Contractors Association.

Louis F. Bottino, Candidate For State Supt. Of Schools

Announcement that Louis F. Bottino will be a candidate for the Republican nomination for state superintendent of public instruction is a pleasing one.

Mr. Bottino, who was raised in the coal field area around Braidwood and now resides in Lockport township, is thoroughly qualified for office thru training and experience.

He has been a teacher, a principal, a school superintendent and at present is assistant superintendent of the Joliet grade school system. Two terms in the Illinois general assembly have given him an insight into the preparation and enactment of legislation. And in all of his endeavors he has been most capable.

An athlete himself in high school and college he served as basketball coach as well as principal of Braidwood high school some years ago and took his team into the finals of the state tournament at Champaign.

He was Will county superintendent of schools when the U.S. entered World War II and enlisted as a private in the United States Marines, later becoming an officer in the Corps.

From the county superintendent's post Mr. Bottino went to Lockport as superintendent of the high school there. He wanted to renew a more direct contact with teaching. He resigned after a number of years to run for the legislature and while there took an active part in the shaping and making of school laws. When the legislature was not in session he gave his time to the administrative system of the Joliet grade schools and is now assistant superintendent on a full time basis.

Mr. Bottino is sincere and honest and has the respect and liking of teachers and school administrators with whom he has worked. And it was only natural that he should have announced his intention of becoming a candidate for state superintendent of schools at a luncheon meeting in Joliet Tuesday that was attended by the school people of Will county.

Election of Mr. Bottino as state superintendent of public instruction would be an honor for Will county—it also would be a good thing for the state.

From a household hint given by the American Institute of Laundering it would appear that some of the TV commercials are being taken too literally.

For instance that one dealing with home permanents and other care of the hair, where a gal is dressed in her best bib and tucker while working on her hair.

That some women would do this is amazing and it certainly goes to show what a powerful influence a picture can wield.

It is likely that women are born clothes conscious and from the time they are small until they have grown old they are, for the most part, quite careful of their apparel.

On the other hand boys and men are inclined to be careless. If a boy chances to find himself attired in his best that fact doesn't deter him from playing football or baseball, or engaging in any other form of physical encounter.

And according to wives the males never appear to outgrow such an attitude.

"For heavens sake, John, what are you thinking of to shovel that snow and you wearing that good suit, that new tie and those good shoes?"

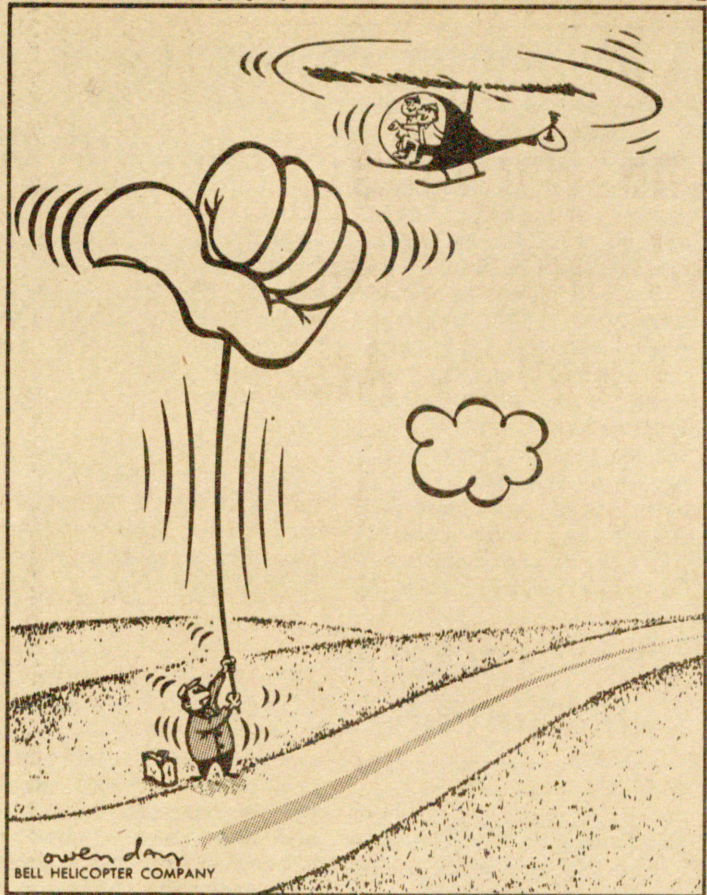

Such wifely admonitions are more or less routine, the difference lying in the endeavor. Maybe it is cutting grass, or getting in some practice swings with a golf club, or wiping off a car, or putting up or taking down a screen or a storm window.

His protest that he just wants to see if the snow is going to be difficult to get off, or if the mower is right or it just occurred to him that he might be turning his wrists too much just as the clubhouse met the ball and wanted to find out, or he wondered if the screens were going to stick or come out easily. . . . such protests are just wasted breath because now the little woman fires the other barrel.

"What would you think," she goes on, "if I wore my best clothes to clean house—to get dinner—or to go out and work in the yard? It wouldn't take you over two minutes to change your clothes and then et cetera, et cetera, et cetera."

That is why it is amazing to think that some women have been so carried away by the pitch on TV as to attempt to follow the script in real life. Yet according to the household hint referred to above that is exactly what some have done. Doubtless you have seen the

COPIER CARTOON by owen day

sequence. A gal dressed for some la-de-la afternoon event, including mink stole or a sable scarf, or may be she is in a lovely formal gown, about to take off on the town.

You would think that before she had donned her dress she would have done what was necessary to her hair. But not this radiant creature. Apparently she wants to have her hair look its best so she sits there before the mirror and goes to work. No towel around her neck, no protection for her stole or scarf, or for her dress, or for her shoes--not to speak of the top of the dressing table but then maybe it is glass.

Anyway, there she sits squeezing out goo that will curl her hair, dye her hair, or give her an instant permanent.

There used to be ads in the magazines showing a housewife all dressed up for an afternoon affair, apparently just finished with stuffing the family laundry in the washing machine and from the caption one knew that as soon as she got the second glove buttoned she would turn the switch that puts the washer in motion and off she'd go for an afternoon of bridge, a tea fight or a reception. . . . or if she wasn't starting the washing she was just finishing preparation of a stew that she had in a well on top of the stove or maybe it was an oven cooked meal. . . . Anyway all she had to do was turn on the heat, set the controls and whick off for as afternoon of pleasure knowing that when she goes home dinner would be ready for the table. Presumably with this clean heat she would be able to dish up the grub without spattering.

But there was no proof that any live woman ever did this--other than the model who posed for the picture, of course. But this hair do stuff is different. Let me quote all of the Laundering Institute's hint:

"For the sake of your clothes," it says, "be careful what you wear when you get a home permanent or apply rinses and or dye to your hair. . . . Stains from some permanent wave solutions, rinses and dyes are almost impossible to remove when the garment is laundered or cleaned. To protect your clothing, use several old towels to dry your hair and put over your shoulders. It's also best to wear an old dress while grooming your hair."

So there you are, husbands, with a closing argument for the defense but I'll bet you one thing--It won't do you any good.

Business & Finance

BY MAURICE P. ANGLAND

Now classical reading for children describing imaginary travels into strange lands with unusual peoples and customs, Gullivers Travels was written as social and political satire of England and its government of early eighteenth century and late seventeenth century.

The author, Jonathon Swift, was adroit in use of satire which, when done well, has been most effective down thru history.

It is surprising that some author has not created a political satire on the period since the start of World War II. There has certainly been no dearth of material for such a satirical effort. Authors and publicists of the pre-radio period, were more practiced in satire and it has popularity in literary circles.

There is likely to be more opposition to Kennedy's legislative plans. Continuation of substantial deficit spending will likely be restrained somewhat by the fact that we are again losing gold due to imbalance in our international payments. Our gold holdings are down to a point where the situation could be troublesome if countries of the western world were to lose faith in our monetary policies. These foreign holders of dollars, would simply request gold rather than dollars. This is likely to be a policeman in our fiscal policies for some time.

The costs of the cold war were borne in heavy measure by this country and we are now demanding participation by the prosperous countries of western Europe.

It seems unlikely that our allies in the cold war, are likely to take any steps which would harm their own positions even if some might want to take selfish advantage of events.

The investment world is very much interested in what happens in the international arena as mistakes in judgment are sooner or later reflected in the financial picture.

Some analysts do not believe that Russia's present position is as strong as the Communist tirades would indicate.

Analysts point to China as most likely to revert back to its historical role as a territorial competitor of China in Asia and the economic difficulties of Russia's captive nations in eastern Europe which are coupled with her own troubles.

that's THE LAW A PUBLIC SERVICE OF ILLINOIS STATE BAR ASSOCIATION IN COOPERATION WITH THIS NEWSPAPER

When John Landlord agreed to rent Harry Tenant his farm for two years in exchange for a share of the crops, neither thought it necessary to enter into a written lease. But within several months both were wishing that they had given more consideration to their arrangement, and then put it in writing.

The trouble began when John received the real estate tax bill and asked Harry to pay part of it. Harry refused. "I made no promise to pay taxes," he proclaimed righteously.

Shortly thereafter, a tractor which John supplied had a mechanical breakdown and Harry told the mechanic to send the bill to John. Harry also sent John the fertilizer bill.

John angrily protested that he had no obligation for either of these expenses. The final blow to cordial relations came when John and Harry could not agree on the division of crops--both recalled different versions of their oral agreement.

This is an exaggerated example of a few of the problems that can and often do arise in connection with verbal leases of farm land. Not all the disputes can be settled by local customs, which are often uncertain and vary widely in different localities.

In spite of this, it is surprising how much Illinois farm land is leased to tenants on a salary, rent, or share-crop arrangement, based on oral leases. Landlord and tenant, like John and Harry, have nothing besides a vague spoken agreement, which usually fails to cover many of the problems that arise and which neither party can recall accurately.

The first thing to realize is that a verbal lease for a term over one year is not enforceable in Illinois courts. More important, oral leases can be dangerous, because people have a tendency to forget what was said, especially if the agreement was lengthy and technical. And, of course, there are those who have a facility for remembering things favorable to themselves and forgetting everything else.

If the agreement is put in writing, two beneficial results follow. First, the parties are forced to consider important problems they otherwise might overlook.

For example, if Harry and John had obtained a written lease, they would have to consider in advance which of them will pay for repairs to the les. However, less optimistic analysts believe that the difficulties might bring on turmoil since the leaders of a nation where political failure is so deadly, have little to risk if failure is at hand.

At this period of the year, business men are taking inventory of what has been achieved during the past year and making an educated guess as to the next year.

The Investment Bankers Association has just completed its annual convention.

According to the survey of opinion as reported by U.S. News & World Report, to the question of what to expect in broad trend of business in 1962 (715 replies), 288 expect a strong rise and 322 expect a slow rise; to the question of how business in 1962 will compare with 1961, there were 799 replies - 159 predicted much better and 471 slightly better; and to the question of what to expect in business spending in 1962, there were 673 replies - 30 predicted a sharp rise; 455 predicted a moderate rise; and 165 not much change. As to the stock market, of 690 replies, 485 predicted moderately upward prices and 100 predicted not much change.

equipment furnished by John, who will replace it in case of total breakdown, or how these costs might be divided.

Further, they would have to reach an explicit understanding as to who will furnish seed, fertilizer, and stock, and exactly how Harry Tenant is to be paid. Tax considerations enter into some of these arrangements, calling for planning in advance.

Second, a written farm lease does more than just allocate

duties between the landlord and tenant -- it serves as a permanent record of the agreement. When a problem arises, it can be settled without friction or bad feelings by reference to the lease.

If one of the parties dies, there is no question about the arrangement. These considerations make it clear that both John Landlord and Harry Tenant are wise to have a written farm lease prepared for them by informed counsel.

Hints For Homeowners

By: JAMES FIZZELL, ASS'T. FARM ADVISER

The Yule season is a time of friendship, warmth, and cheer. Our homes are cozy with the glow of the Christmas lights and decorations. As much a part as the tree itself are the Christmas flowers and plants.

Proper attention to the needs of the plants will assure you that they will last and will lend their charms to your home thru-out the season.

Few holiday plants are more striking than the poinsettia. A native of Mexico where it often becomes a ten foot tall bush, the "point" has become the traditional Christmas plant.

The familiar red-flower type is most popular, but whites, pinks, and semi-doubles are available. The colored structures we call flowers are actually bracts. The flowers are the little yellow parts in the center of the clusters. The poinsettia must be handled with care if it is to remain presentable for any length of time. Strive for uniform temperatures in the 60 degrees - 75 degrees F. range, and reduce the thermostat at night. Put your plant in a place where it gets bright, but not direct sunlight, and where the air is not too dry. If the plant is in a window where there is danger of chilling, take it out of the window or draw the shade at night. Maintain soil moisture at moderate uniform levels.

Poinsettias are very sensitive plants. Drafts, too warm or too cool temperatures, sudden temperature changes, dry atmosphere, improper watering, and dim light can cause loss of leaves and withering of the bracts.

Two attractive annual plants, the Christmas pepper and Jerusalem cherry, are often used at Christmas time. When purchased, they are covered with red fruit and fit beautifully into the holiday color scheme. These plants should be placed in good light and in a cool place if possible. The warm dry temperatures in many of our homes rapidly dry out the fruit and the plants become unattractive sooner than necessary. The soil should be kept uniformly moist.

Fruit of the Jerusalem cherry is supposedly poisonous. The Christmas peppers can be dried and used as spices. Use them cautiously, they are extremely hot.

The pot mum has deservedly become one of the most important and popular gift plants for all seasons. Even though the normal flowering date for most mums is November, research has shown the florist how to produce blooming mums any day of the year. They are available in a wide range of colors, and easily last a month or more if given proper care.

To insure a long blooming period, select plants that are not entirely open, and that still have some unopened buds. Pots often dry out rapidly, check often to see if they need watering.

Bright light is necessary to keep the plant in good growing condition and to produce the true color of the opening flowers. Keep the plant in a cool

room at night, and avoid dry, overheated rooms during the day.

Always purchase your plants from a reputable florist. You may be able to get plants cheaper from other sources, but only a florist can guarantee the quality you demand for maximum life and beauty of the plants you give and receive.

The Upper Room

READ JOHN 1:12-13

To all you received him, who believed in his name, he gave power to become children of God. (John 1:12, RSV.)

One does not invite a guest into his house without first doing some planning and making the necessary preparations. Neither can we, at this Advent season, receive Jesus Christ anew into our hearts without adequate preparation.

Without our proper preparation, other things will crowd Him and His mission out of our lives. If He is received with expectancy, He will abide and bless our home.

Too many of our lives plainly re-enact the scene that occurred when the Christ child was born. Then, there was no room in the inn; today, there is no room in our hearts.

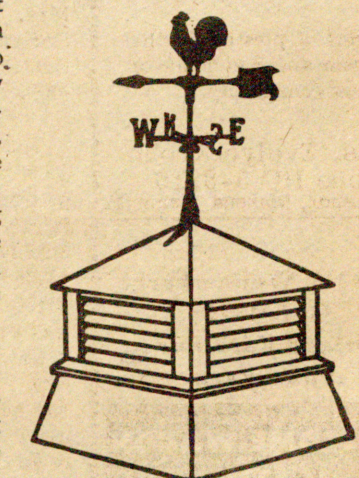

Are you and I earnest about receiving Christ into our lives this year in the real spirit of Christmas? We still find the answer in the kind of preparations we make during Advent. PRAYER: Our Father, we give Thee thanks for sending Christ into the world to reveal Thy nature unto us. May we receive Him in our hearts in a manner acceptable unto Thee, and pray as He taught us, "Our Father who art in heaven . . . Amen."

THOUGHT FOR THE DAY: Christ makes His abode in any life when He is made to feel welcome.

Royal Neighbors To Have Yule Party, Elect Staff

By ELIZABETH ANDERSON
The Good Luck Camp of Royal Neighbors will meet on Thursday, Dec. 21, for their Christmas dinner and meeting in the home of Mrs. Gladys Kesser in Lockport. A potluck dinner will be served at noon, followed by a business session, election of officers, and a dollar gift exchange.

Everett Doede, whose home is on Parker Rd. near "Duck Pond," appeared on the Farm City Forecast TV program on Channel 9 Friday morning in Chicago. He participated in a discussion on Living Christmas Trees, and displayed two fine specimens, a red pine and a Scotch pine, which were grown on his tree farm here. The trees were about 4 1/2 feet high -- just right for home adornment. Mrs. Doede accompanied her husband to the broadcasting station.

Members of the former Prima African Violet club held a reunion Christmas luncheon at the Blue Willow Tea Room Wednesday. Attending from Homer were Mrs. Robert Shepherd, Sr., Mrs. Frank Loucks, Mrs. Wm. Ziesemer and Mrs. Reed Burch. A gift exchange was an afternoon feature.

The twin daughters of Mr. and Mrs. Norman Hanson of New Lenox were christened at Trinity Lutheran Church in New Lenox Sunday, Dec. 3. They were named Cathleen Anne and Colleen Lynn. Sponsors were Miss Ruth Benck of River Forest and Charles Hanson Jr., of Chicago and Mr. and Mrs. Ronald Hanson, also of Chicago. A family dinner was held in the Herman Benck home on Hadley Rd., the maternal grandparents, and the guest list included Mr. and Mrs. Charles Hanson Sr., besides the babies their parents, and the sponsors.

Robert Shepherd Sr., has been hospitalized for observation for a few days.

Guy Bump is in Silver Cross Hospital for observation.

Matthew Page of Parker Rd., who is Mrs. Everett Doede's father, is recuperating at his home from a recent appendectomy.

The Ott Konow Jr. family, Cedar Rd., including Mr. Konow, have been victims of mumps during the past two weeks.

Laurie White, small daughter of the John Whites, has been ill for several days.

Louis Buckholdt, who died at his home in Lockport last week, was a native of Homer having lived here until he was a young man, and attended Hadley school. His only immediate survivor is one son, Robert, a student-teacher at Naperville College. Mr. Buckholdt was a brother-in-law of Robert Shepherd Sr.

A Regional Teachers' meeting was held at 33-C School last Wednesday afternoon.

The School Club of 33-C will hold its Christmas party Thursday evening, Dec. 14, beginning with a potluck dinner at 7:30. Teachers and club officers will furnish meat and coffee. Other members will bring a dish to share, and all will bring their own table-service. There will be a \$1 gift exchange. The following Thursday afternoon, Dec. 21, room parties will be held and school will then be dismissed for the holiday vacation. School will be resumed on Jan. 2.

at Homer Church sponsored by the Wayside Workers Circle of King's Daughters Thursday at 12:30. The hostesses, Mrs. Don Aspel and Mrs. George Burcham, surprised the other members by planning the entire luncheon from recipes to be found in the new recipe books which the Circle has on sale.

The tables were appropriately spread with green and white covers with red candles for decoration; attractive menu cards were red and white booklets which were miniature replicas of the recipe books.

As the guests arrived they were given material to make Christmas corsages which they wore for the rest of the day. A short business session was followed by a Christmas program and games arranged by Mesdames F.J. and J.J. Paddock and Stanley Cox. Guests of the Circle were Mrs. Ruby Gougar and Mrs. James Bethell of Joliet, Mrs. Clara Kettering of Lockport and Mrs. Dan Norris of Chicago, and four children.

IN MEMORIAM
of Cyril F. Snow who passed
away Dec. 17, 1960.
He little thought when
leaving home
He would return no more;
That he in death so soon
would sleep.
And leave us here to mourn.
We do not know what pain
he bore;
We did not see him die;
We only know he passed away
And could not say goodbye.

SONNY FLEMING, a long time
member of Capt. Stubby and
Buccaneers, a popular radio
and TV group of entertainers,
is to appear on a gospel and
testimony program in the New
Lenox Bible church Sunday
night, Dec. 17. The program
is scheduled to begin at 7 o'
clock and New Lenox Bible
church is on Innercourt drive,
which is south of Francis road
and just west of Cedar road.
The public is invited. There
is no admission charge but a
free will offering will be taken
for use in meeting the expense
of training children with Sky
Pilots of America. Sonny's
dramatic conversion was the
result of much personal con-
cern and prayer as he walked
along a lonely road at night.
That was in January, 1959.
Since then he has been instru-
mental in converting many others
to the Christian religion.

SKATER INJURED
Ronald Denson, 14, of New
Lenox suffered a fractured left
wrist in a fall at the Lockport
skating rink last week. He was
taken to Silver Cross hospital,
Joliet, for treatment.

NEVER UP, NEVER IN is a rule in basketball as well as for
golfers when they are putting. Kurt Fredin, Lincoln-Way player
(No. 25) has this one up and if the photographer's memory
serves him rightly, the ball went in. The Knights defeated the
Oak Lawn Spartans.

Roberts Scores Top Honors Over Weekend

Carl Sandburg High school captured its fourth
consecutive win Friday night, downing Evergreen
Park 58-43.

Big Lance Roberts led the attack, collecting 26
points for top honors.

Smith, rangy center, was high
for the Mustangs with 18.

The Eagles led 32-23 at in-
termission then jumped the
spread to 20 at the three-quarter
mark, 50-30.

Sandburg posted a very re-
spectable 500 floor percentage
to go with a poor .454 free
throw mark. Evergreen shot
296 and 686 respectively.

The Eagles used their height
to good advantage in controlling
both boards. Once again it was
a strong defense that made it
tough for the shorter Mustangs
to get their shots away.

It has been argued the best
defense is a good offense. To
date, Sandburg has proved the
exception. Not usually a high
scoring aggregation, they man-
age to score enough points to
win.

Next to Roberts, Wasick col-
lected 10, Levine, 8, and Sopho-
more Hlavek, 6.

FRESH-SOPHS WIN
Sharpe, Heniff and young Rob-
erts led the frosh-soph to its
second conference win of the
young season, 39-34. They are
3-1 overall, the only loss being
to Thornridge in the opener.

BEAT THORNTON
FRACTIONAL S.

On Saturday night, Carl Sand-
burg played host to the rebels
of Thornton-Fractional South.
When it was all over, the Eagles
had gained their fifth straight
win, edging the Rebs in an over-
time thriller, 77-71.

Center Lance Roberts hit 7
free throws in the three minute
period to ice the contest.

It looked like a bad night for
the home team who were behind
most of the way, sometimes as
much as 10 points.

South led 17-15 at the quarter,
37-32 at the half, and 51-48
at the end of three periods.

Hot shooting by Dan Wasick
in the second period and Dick
Klavak in the third, kept the
Eagles in hailing distance.

The Eagles may have had an
off night in the shooting depart-
ment, but never gave up in a
pressure-packed fourth quar-
ter.

For Sandburg, Roberts dupli-
cated his scoring feat of the
night before hitting 26 points.
Wasick got 17, Hlavek hit 14,
and Levine 11.

The Rebels' two great guards,
sharp-shooting Norman and
ball-handling Valesha turned in
great performances in a heart-
breaking losing cause.

It must have been a cold ride
back to Lansing for T.F.S. and
fans as the Little Rebs, also
lost after leading most of the
way.

Sandburg caught South in the
fourth quarter and squeaked by
54-52.

Coach Wilson is getting good
play from a number of boys this
season. His starting five are off
to its best start in years, sport-
ing a 4-1 record to date.

Tomorrow night and Saturday
the Eagles will be gunning for
two more conference wins when
they play host to Oak Lawn, then
travel to Reavis Saturday to take
on the Rams.

No Back Door Needed Under Ill. Fire Law

Eugene Hunt, one of the mem-
bers of the New Lenox village
board, reported to that body at
its meeting last week that a
deputy state fire marshal had
inspected the apartments off
U.S. 30 at the west end of the
village and declared they were
not in violation of any state
fire laws.

Two of the buildings have no
rear doors and the question
was raised as to whether such
fact was a violation of state
fire laws. Hunt said that the
deputy marshal told him that
while the state had no law re-
quiring a rear door in apart-
ments a municipality could en-
act an ordinance covering such a
situation.

There was no discussion of
the subject by the board and
there was no indication that it
might consider such an ordi-
nance.

Push Building Plans For N. Lenox Recreation Center

The New Lenox Recreation
Center, which proposes to build
bowling lanes, swimming pool,
restaurant and cocktail lounge
north of the Rock Island tracks
at the west end of the village,
has purchased the entire equip-
ment installed by Brunswick
Corporation for the national
invitation bowling tournament
held recently in McCormick
place, Chicago.

The alleys, built of specially
selected hard maple and fin-
ished to perfection, were said
to be the highest scoring lanes
in the history of the tourna-
ment. They have been shipped
to a warehouse in Joliet and
will be installed in the New
Lenox Recreation Center when
it is ready, according to those
in charge.

Officers of the Center report
considerable savings were
made thru the purchase of these
alleys and other savings will be
effected they said thru the use
of pre-engineered curtain wall
and structural steel construc-
tion developed by Butler Build-
ing Corp. The Center's archi-

tect, Richard Alf, and John
F. Chapple & Co., designers
and builders of pre-engineered
construction, have cooperated
to combine the utility of cur-
tain wall and structural steel
with beautiful masonry facade in
the building of the restaurant,
cocktail lounge and administra-
tive area, according to officials
of the Center.

Specifications and drawings
for the swimming pool are being
prepared by Alf for submission
to the state board of health.
Such plans are required to have
state approval. The pool it-
self is an Olympic sized "T"
equipped with high and low di-
ving boards. The pool, of rein-
forced fiber glass, has been de-
signed, it was said, to per-
mit swim events to be con-
ducted over its 120-foot length
while diving events are being
held within the deep "T".

At a recent meeting the di-
rectors of the New Lenox Rec-
reation Center agreed to pay
10% a year to all members
who honor a pledge of \$50 or
more before Jan. 31.

L-W Grapplers Extend Victory String To 4

The wrestling teams of
Lincoln-Way high school, vari-
sity and frosh-soph, each added
two more victories to their
thrillings last week-end to raise
the total to four.

The varsity downed Thor-
nton Fractional North 25 to 16
while the frosh-soph rolled
up 37 points to their opponents
nine. All this makes the teams
happy as well as Ron Larsen,
the wrestling coach.

On Saturday the varsity pol-
ished off Homewood-Floss-
moor, a Southwest Suburban
convergence foe, 28 to 12. The
frosh-soph won 26 to 22.

The teams will be hosts to
Rich East this Saturday after-
noon at 2 o'clock.

The Lincoln-Way varsity is
also getting ready for an in-
vitational wrestling tournament
at Wilmington. This event is
scheduled for Dec. 21, 22, 23 with
12 entries, Argo, Batavia,
Dwight, Gardner, Joliet Catho-
lic, Kankakee, Lincoln-Way,
Minooka, Morris, Plainfield,
Rich Central and Wilmington.

The preliminaries are at 7 p.m.
Dec. 21 and the quarter finals
the next night at the same
time. Semi-finals are set for
1:30 Saturday, Dec. 23, and the
finals that night at 7 o'clock.

In the varsity matches against
Thornton Fractional last Friday
Cliff Cheatwood, who wrestles
at 120 pounds, won 12 to 4 to tie
the Lincoln-Way record for the
most wins during high school.
The record, 44 wins, was
held by Tony Santerelli. Cheat-
wood's next goal could be
the mark set by Bill Zelko
in 1959, 22 wins in a single
season. Cliff missed ty-
ing it last year by one, racking
up 21 victories.

Joining Cheatwood in the vic-
tors' column were Tom Suchoski,
Bob Edmonson, Bill Delaney,
Mike Codini, Ken Decamp
and Jim DeHart.

Against Homewood-Floss-
moor Cheatwood won an 18 to 4
decision over Tom Reed to set
a new school record of 45 wins.
Other winners Saturday were
Suchoski, Delaney, Terry Web-
er, Codini, Tom Gumbel who
pinned John Stromberg in a 154-
pound match, DeCamp and De-
Hart, who also pinned his man,
Bob Amos in the heavyweight
go.

The Lincoln-Way frosh-
sophs have four wrestlers who
are undefeated, Earl Suchoski,

112 pounds, has a clear record,
which includes three successive
falls. At 138 pounds Chuck
Roberson has four wins, in-
cluding two falls. Jim Hun-
niford has three straight wins
at 127 pounds plus a victory at
varsity level. Since joining
the first team Dennis Hutton
is undefeated at 145 pounds
with two falls. Three of the
Knights had their win streaks
stopped after three straight
when they lost to Homewood-
Flossmoor, Rich Smithson, 103
pounds has a record of three
and one as does Todd Bennett,

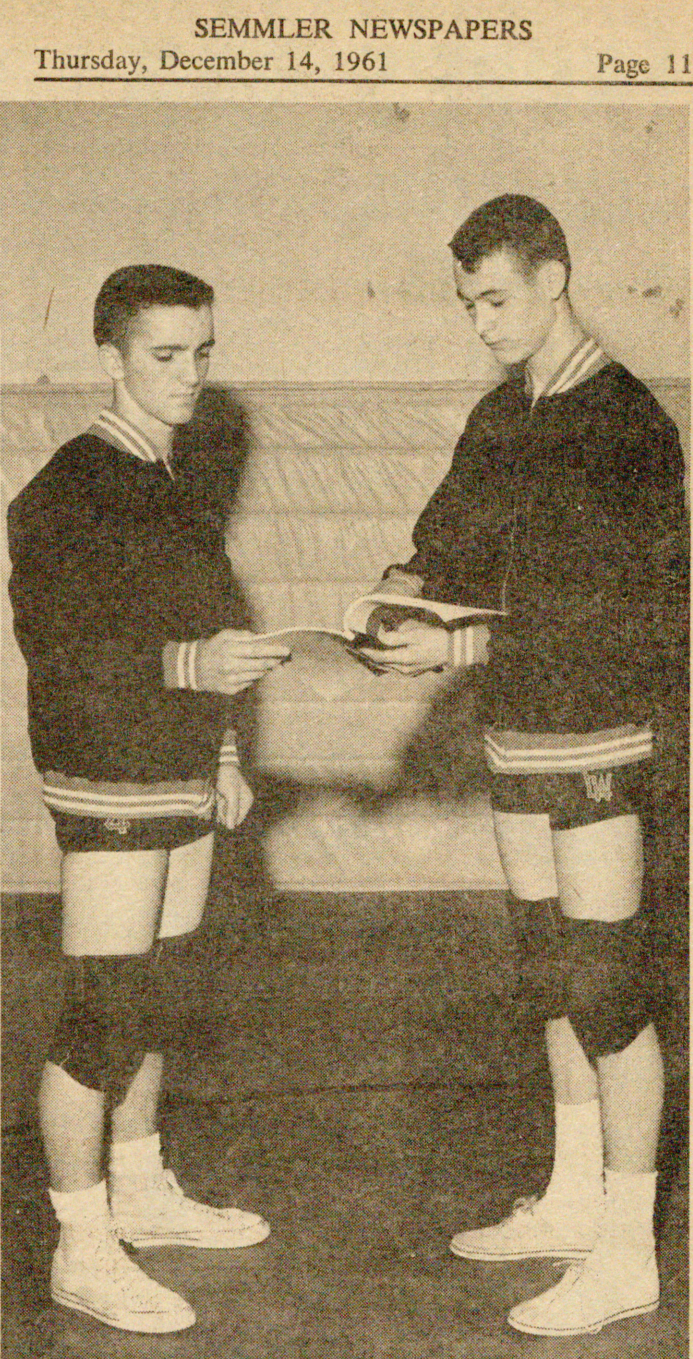

Effective immediately a more
decisive program will be fol-
lowed in the village of Mokena
with the problem of dogs running
loose, it was announced this
week. Arrangements have been
completed for the handling of
such dogs.

Village police have been in-
structed to pick up all stray
or loose dogs within the vil-
lage limits. According to pro-
visions of the village ordi-
nance, such dogs will be im-
pounded and held for three days
before disposing of them.

Owners of any impounded
dogs who wish to reclaim them
within the three-day period
must first get clearance from
the village clerk by paying costs
as set forth in the provisions
of the ordinance, along with
showing proof of a current dog
license and anti-rabies shot.
The license and the anti-rabies
shot are a must before dogs
will be released to their owners
it was stated by village of-
ficials.

Arrangements have been
made by the board members to
have loose dogs taken to the Bid-

(CNS) Thirty-five suits were filed, this week, in Cook County court, against the relatives of patients in Illinois mental institutions by the state's attorney's office for reimbursement of money expended for the care of the patients.

Illinois law requires the state's attorney to file such cases against the relatives who are liable for the charges, imposed by the state, for the care of the mentally ill, including retarded children. Determination of the cost of such care is made by the State and is based upon the financial ability of the persons liable for payment.

The 35 cases filed this week ask for amounts ranging from \$230 to \$6,228. These cases

are the first to be filed in a new program to enforce collection of money due the State. According to Edward Plusdrak, First Assistant State's Attorney, 300 cases are ready to file as compared with a total of 200 cases filed in the last 8 years since the law was passed.

A new division of the State's Attorney's office has been established to prepare and try the cases. According to Plusdrak, this new division will work in full cooperation with Frank F. Campbell, deputy director of reimbursement in the state department of mental health. Previously, Campbell said, the relatives of about 13,000 of the state's 47,000 mental patients have been billed by the state.

THE REASON! HERE'S WHY...there comes a time in business when an adjustment must be made. We are closing out our entire stock, that's why profit is not our objective. Just moving our entire inventory at bargain prices and giving the people of this community an honest to goodness sale. Our objective is to close out our present stock, it all goes, shop today and save.
